

As calculate the amount of revenue required  
, Hunger-Free Kids Act of 2010.

To use the tool, an SFA must collect the cost of both program and nonprogram food and the total revenue for the previous school year.

To calculate the amount of revenue from nonprogram food required to meet this requirement, an SFA must:

1. Enter the cost of food for reimbursable meals in the previous school year in the **Cost for Reimbursable Meal Food** row.
2. Enter the cost of nonprogram food from the previous school year in the **Cost of Nonprogram Food** row.
3. Enter the revenue from nonprogram foods from the previous school year in the **Total Nonprogram Food Revenue** row.
4. Enter the total revenue from the previous school year in the **Total Revenue** row.

Based on these amounts, the tool will calculate the minimum amount of revenue from nonprogram foods that is required to meet this requirement. The tool will also calculate the additional revenue, if any, needed to comply.

These figures will appear in the **Minimum Revenue Required from the Sale of Nonprogram Foods** and the **Additional Revenue Needed to Comply** rows.

SFAs can now compare their nonprogram food revenue to this required amount to determine if they are in compliance with this requirement.
