

Ogden Preparatory Academy

Permission to Share Immunization Information

Utah 53A-11-301 requires documentation of immunizations for school attendance.

The Utah Department of Health maintains a voluntary, confidential record system to assist parents/guardians, health care providers, and schools in documenting children’s immunizations. This record system is called the Utah Statewide Immunization Information System (USIIS).

Allowing OPA to share your child’s immunization history with USIIS will aid you, your child’s health care provider, and the school to determine which immunizations your child has received and which may still be needed.

Please note that all information is kept confidential and secure.

By signing this form during the registration process, I give permission for OPA to share my child’s/legal dependent’s immunization information with USIIS, no additional action is required.

If you do NOT wish to give permission for OPA to share your student’s immunization information with USIIS, please print this form and return it to the school office before your student begins classes.

I do NOT give permission for OPA to share my child’s/legal dependent’s immunization information with USIIS.
