■ What it is

School Leadership Team (SLT) is a group of grade level, department, and specialty leaders who represent every aspect of the school.

The SLT meets at least monthly to review programs, discuss issues, and make recommendations and decisions.

Elementary and Junior High SLTs occasionally meet together for training and whole school discussions.

■ Why we do it

The SLT empowers staff members throughout the school to be involved in the decisions necessary for school improvement.

Integrating staff from all areas provides the necessary perspective for quality decision making.

SLT members are able to better support their teams with the information and training received through SLT meetings.
